

Hello Families,

My name is Ms. Thalia Rojas and I am honored in being able to be part of your child's life here at Play, Learn, Grow Academy. I will be your child's teacher in the Preschool Room One.

I am a Registered Early Childhood Educator, and hold a Bachelor of Applied Science Degree in Early Childhood Studies from the University of Guelph. As an educator in my field, I understand that building responsive and caring relationships with children is important for their optimal growth. For me, there is nothing more rewarding than to see a child's face light up when they've discovered something new.

My experiences include working as a Resource Centre Facilitator at Humber College where I assisted in creating literacy workshops for students in the ECE program. As such, I am a passionate reader so don't be surprised when your little ones come home with various character voices to share with you. I have also worked at EarlyON Child and Family Centre, which allowed me to see and value your role as your child's first teacher.

I currently live in Alliston with my husband, younger daughter and my little dog named Axel. My older daughter and son-in-law have blessed me with a little grandson and granddaughter who keep me very busy and on my toes. I believe that every child is special, unique and a valuable contributor to the classroom. I am excited to begin this journey together!
